Lohri Celebration

nominal GDP globally, the world's second-largest exporter, which makes it an essential language to study.

They are world leaders in engineering.

Fluency in the German language in India has opened up job possibilities in medicine and healthcare, education, logistics, automobile, power and utility, mass media, entertainment, tourism, information technology, financial services, outsourcing, etc.

Germany powerhouses like BMW, Volkswagen, Bosch, Daimler, Adidas, Allianz, Deutsche Bank, Siemens, SAP, BASF, and Lufthansa are all established around the world.

1. Most widely spoken native language in Europe

German (Deutsch) is the most widely spoken mother tongue in Europe.

Germany is not the only country where it is spoken. It is the official language of Germany, Austria, Switzerland, Liechtenstein, Belgium, and Luxembourg.

Reasons to Study German

There are sizable German-speaking populations in North Italy (South Tyrol), Poland, Hungary, Denmark, Bosnia and Herzegovina, Namibia, Russia, Romania, the Czech Republic, and other parts of Europe.

It is spoken by over 100 million native speakers and a total of 185 million speakers worldwide.

It is also one of the most popular foreign languages taught worldwide.

It is also a lingua franca of Central and Eastern Europe.

2. Job opportunities worldwide

Career is one of the most important motivators for foreign language learning.

It is Europe's largest economy, fourth-largest by

Having German language skills on your CV can help your career in many of these International corporations.

3. Career Scope of German in India

Several international companies that have set up their businesses in India are looking for fluent in the German language.

It increases your job opportunities with German and foreign companies in India and abroad.

Career in German Language

Professional German Translators, Interpreters, proofreaders, and content writers, and trainers are always in demand.

One can also look forward to jobs in the German embassy in New Delhi and the consulate in Mumbai, Chennai, Kolkata, and Bangalore. The scope of the German language is on rising.

Many MNCs such as Amazon, Accenture, BMW, Siemens, Volkswagen, HP, Audi, Oracle, Samsung, Hyundai, LG, Thomson, Axa, GE, etc., are employing German language experts for outsourcing and offshore work.

Germany's economic strength equals business opportunities.

Suppose your organization is doing business with German companies or partners or trying to expand its footprints in Europe, well. In that case, it will help you establish effective communication with them and success in the end. Plus, it would undoubtedly improve your business relations.

4. Study / Work in Germany, Austria, Switzerland

Germany is the land of ideas and innovations.

The country offers various courses spread across multiple bachelor's, master's, doctoral, and post-doctoral programs.

Employers around the world respect their degrees.

Germany's universities have an excellent international reputation and among the best in the world.

You will earn an internationally renowned degree, giving you excellent prospects in the global job market.

Since the states fund higher education in the country; Hence, the vast majority of Germany's academic institutions are free for students, even international students.

Study in Germany

DAAD: Designed to promote international academic exchange, offers lots of scholarship and funding opportunities.

No wonder students, scholars, and researchers are flocking there. There are lots of research opportunities while you are studying in Germany.

The education system supports the research and emphasizes more practical knowledge compared to the theoretical one.

While it is not compulsory, If you are applying for a course taught in English.

However, at least a basic level, speaking is always an advantage if you wish to gel with the people around you.

It will help you find part-time jobs or internships or plan to seek employment in Germany after your studies.

The employment prospects in Germany have remained healthy compared to many other European nations like England, France, Italy, to name a few.

If you plan to visit Austria, Switzerland, or other German-speaking regions in Europe, German competency will be hugely beneficial.

Many Indians visit these countries for job opportunities as well as for higher studies.

Germany is a pioneer in the field of the automobile and engineering sector.

Thus, the engineers with a degree from Germany have a lucrative and bright future job opening anywhere.

Special visas are offered to skilled workers and professionals.

5. German in Hotel, Travel, Tourism and Hospitality industry

When in Rome, do like the Romans do

AMBROSE

Thanks to the robust economic growth and low unemployment, Germans make good money and are entitled to 6 weeks of vacation a year.

No surprise, they are the world's most significant spenders tourist dollars in the world.

They are everywhere and travel all over the world – Africa, Asia, and the Americas.

Wherever you go in Europe, North America, and other parts of the world, you are sure to encounter Germans speakers.

Millions of German-speaking visit India every year for sightseeing but aren't fluent in English.

Fluency in this west Germanic language increases the career scope in the hospitality, travel, leisure, and tourism sector.

Diagnostic Assessment

Here at SNVP, we facilitate diagnostic assessments to provide multiple sets of questions to our students to improve their learning, knowledge, writing skills, methodology of solving question papers.

Diagnostic assessments is done to know the students better. Under the guidance of Dr. Ritu Rajvanshi ma'am (Principal of SNVP) Teachers are conducting diagnostic assessment, so that students can score good percentage in annual exams.

What is diagnostic test ?

Definition: A variety of assessment tasks that are used to determine students' level of knowledge, skills, and understandings at the beginning of a course, grade level, unit and/or lesson. They test the students on what they already know. These tests allow the instructor to adjust the curriculum to meet the needs of the students.

Applications:

- Build on student strengths
- Clarify misconceptions
- Adjust the curriculum to meet the needs of the students
- Introduce new or unknown concepts

Occurrence:

- Before a course, grade level, unit, and/or lesson

District Tests:

- Classroom Diagnostic Tool (CDT)

Evidence of Effective Use:

- Teachers can identify individual and class strengths and weaknesses
- Teachers can identify and correct misconceptions
- Teachers can explain how classroom instruction has been adapted to meet the needs of the students

CAREER COUNSELING

At SNVP, the Principal Dr. Ritu Rajvanshi lays emphasis on career counselling with increasingly myriad career options rising, career counselling has become an essential part of people's life. Students after completing their 10th are often indecisive of what to do further. This indecisiveness could be a result of social pressure, lack of parental guidance, multiple career options, ignorance of cater to these issues is vital to all age groups, teenagers can benefit most from it. Besides students, career counselling also caters to employees who have already chosen a career and are not satisfied with it. These individuals are redirected towards their goals and are given insight into their professional orientation. Counselors also link students to experts who represent as models to encourage and to positively reinforce the students. Factors like life satisfaction, self-efficacy, personal

potentials etc., career. Our counselling session was conducted by Ms. Meghamala Nemani. She is an expert in the field.

CAREER COUNSELING

- By the game of Stop, run and jump it was conveyed that the Listening skill is very important to be successful.
- Managing stress and being mentally strong is also very important to be successful in anything.
- There is a formula

$$[E+R=O]$$

Where E is the events happening in our lives and R is the Response given by us to the events happening in our lives and O is the Output which we will get.

What is the output it is totally depends upon how we are responding to the situations which are taking place in our lives.

हमारी राज्यभाषा हिन्दी भाषा हमें गौरवान्वित महसूस करती है। अपनी हिन्दी भाषा को आगे बढ़ाने व बच्चों की रोचकता को बरकरार रखने के लिए हमने हिन्दी की विभिन्न प्रतियोगिताओं का आयोजन किया। जैसे नुक्कड़ नाटक में शान्तिनिकेतन के बच्चों ने द्वितीय स्थान प्राप्त किया व हिन्दी ओलंपियाड में हमारी छात्राओं ने अंतरराष्ट्रीय स्तर पर प्रथम स्थान प्राप्त किया। हिन्दी भाषा को और रोचक बनाने के लिए वाद विवाद, कक्षा-कक्ष में सभी बच्चों को सामूहिक रूप से कहानी सुनाएं। माहौल सहज रखें। कहानी में बच्चों को क्या अच्छा लगा, ऐसे सवाल करें। किसी पात्र की जगह वे होते तो क्या करते, ऐसी चर्चा भी कर सकते हैं। विद्यार्थियों को शुद्ध उच्चारण की शिक्षा प्रदान करना। सुविधानुसार श्रवण तथा दृश्य सामग्री का प्रयोग किया जाय। छात्रों से व्याकरण के रोचक अभ्यास कराये जायें जैसे-रिक्त स्थानों की पूर्ति, वाक्य रचना, लिंग-परिवर्तन, संज्ञाओं का परिवर्तन करना आदि आदि। इस तरह बच्चों में हिन्दी भाषा के ज्ञान का विस्तार कर सकेंगे।

CBSE Department of Skill Education

FOOD PRODUCTION (CODE NO. 409&809)

INTRODUCTION:

SNVP is developing the culture of skill courses as per latest CBSE requirements. Dr. Ritu Rajvanshi and Ms. Asna Aleem has taken the initiative to attend the recent workshop held at Indian Culinary Institute (Noida).

The Hospitality service industry is fast growing and evolving. The development of Catering Institutions has closely followed the changes in food habits of people. Food changes are determined by socio-economic conditions and demographic shifts. Industrialization, Migration and International trade have resulted in greater employment for both men and women worldwide. This led to increased need for people to depend on various food services operational for their meals outside their homes.

The course intends to introduce to the basics of cooking food coupled with the scientific approach by trying to understand the basic

commodities utilized in preparation of food. Cooking of food is a skill based education that requires both the style of art and the method of science. Describe kitchen operations including culinary terminology, operational software, cooking methods, and basic food handling skills: such as food safety and food

quality. Demonstrate proper kitchen management systems, such as cost control, labor control, inventory control, production scheduling, sales history, menu development, and forecasting.

COURSE OBJECTIVES:

The Skill Course in "Food Production" is designed with the following objectives:

1. To develop skills of entrepreneurship in the Industry.
2. To find employment as food production personnel and assistant manager in small scale food service unit.
3. The course enables the students to establish and manage a small scale food service unit. It provides them with the necessary knowledge and skill to run and control all operations in the unit.
4. It also equips the student to find employment in canteens, restaurants, hostel, railway catering and mobile catering.
5. It also helps to develop culinary skills.
6. The course can attain its objective only if it is taught by skilled teacher and the prescribed infrastructure provided by the school.

SNVP The Toddler Heaven

Being a proud Mother Teacher, it gives me a feeling of utmost joy in sharing with you, some of the themes and curriculum of our Little Shining stars:-
They are active participants of -

1. Language learning
2. Craft making
3. Singing
4. Dancing
5. Indoor and outdoor sports
6. Painting or Doodling
7. Mild combat Arts
8. Reading
9. Rhyming sessions
10. Gross motor skills

We at SNVP believe that every child is uniquely primed to learn during the first six years of life and interacting with us would help building his brain and understanding the surrounding and the process plays an important or vital role in encouraging the child in smart communications. A child's brain is a sponge which is uniquely ready to soak up all the information given to him either verbally, pictographically or in the form of written skills. So, with an idea to excel in every aspect of life, our children are all set to enlighten the world with their sheer brilliance...

We live every moment in SNVP
